

Intelligent Audit

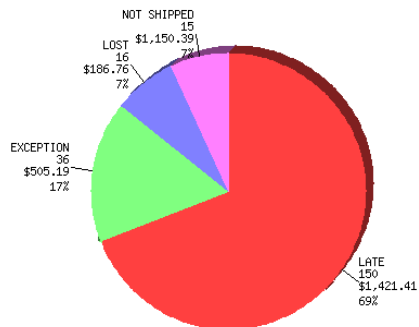

Parcel Auditing is not a new concept; it's just that most shippers are not aware that they are permitted to do so and how it works. At Automated Systems, Inc. we took a different approach by offering a hosted solution which means there is no software to buy, no service contracts to maintain, no upgrades....ever!

Proven Results to Recover 5-20% of your Freight Spend

- **Guaranteed Service Refunds (GSR)**
- **Manifested Not Shipped (MNS)**
- **Lost and Damaged Claim Processing & Reporting**
- **Complete and Thorough Carrier Invoice Auditing**
- **Improperly Discounted Shipment Billing**
- **Residential / Commercial Billing Discrepancies**
- **Accessorial Charge – “Tack On” fee Auditing**
- **Contract Negotiations**

Proven Success...

The Intelligent Audit

- Hosted Solution
- eBill Electronic Invoice Auditing
- 100's of Management Reports
- Contract Negotiations
- Email Alerts & Auto Reports
- 5 – 20% Spend Recovery
- No shipper is too small or large
- Thousands of Satisfied Users

At Automated Systems, Inc. we offer "The Intelligent Audit". A proven hosted solution meaning there is no software to purchase or maintain. Our current clients range from global fortune 100 companies to your neighborhood shipper. No matter what your shipping volume, we deliver proven, thorough, and consistent results with excellent customer service.

Comprehensive Auditing Services

WHAT MAKES US DIFFERENT

The Intelligent Audit is so easy to use; yet behind the scenes it is very sophisticated. We have been challenged by user to load even the most difficult plans and have successfully audited their weekly carrier bills to ensure that each transaction is properly billed, not double billed, and those "extra – add on fees" are minimized and controlled! Most save a minimum of 5% but the typical results range up to 20% recovery....consistently.

EMAIL ALERTS

The Intelligent Audit instantly communicates with you via email. Alerts are automatically sent as often as Late, Lost, Damaged, or any adverse condition occurs with a package.

Commonly viewed reports can be quickly selected and then configured to automatically be emailed to you at various time intervals. Reports are emailed in Excel, PDF, Word, HTML or other

LOGISTIC REPORTS

The Intelligent Audit is loaded with over 300 Management Reports, categorized as Analytical, Customer Service, Financial, eBill and others. This report list has been compiled at the request of managers from

every vertical market. Most importantly, they enable you to better manage your business, improve your shipping processes and procedures, and reduce your freight spend!

FLEXIBLE PAYMENT OPTIONS

We offer you choices! We don't just send you an invoice – take it and pay it. We offer the traditional gain share model, as well as a transactional or even a fixed monthly fee. Let us recover the maximum freight spend yet allow you to keep the lion's share of the recovery. Give us the opportunity to do a no obligation analysis and you chose which plan makes the most sense for your business.

EBILL AUDITING

We load your plan into our tool and audit each and every package for compliance and accuracy. Contest Address Corrections, DIM Fees, and other commonly applied "add-on fees" that add up!

HOSTED SOLUTION

Why hide YOUR data? We let you have full access to it – whenever you want it – you just need a browser and your secured log in info. Now you can better manage your business freight spend, from an analytical, customer service and financial perspective.

100%SATISFIED USERS

Enough said, they are now and will continue to be...period!

• **Guaranteed Service Refunds** – these typically equate to 5-6% net

• **Lost & Damaged Shipment value collection and processing**

• **eBill Electronic Invoice Auditing** – we find any and all mistakes in your carrier's invoice

• **Manifested Not Shipped records are automatically refunded**

• **Multiple Year Carrier Plan Comparison** – our system compares your current plan to a proposed

• **Contract Negotiations** – let us negotiate this year's plan, gain share savings
